

## NOTES: Ski Club Registration Forms - PDF

The PDF form is designed for you to complete with a pen after it has been printed. If printing the form is a problem, you can request a printed copy of the blank form from the club registrar. Please note that you will also have to obtain a printed copy of the liability waiver.

The information required in many of the fields is self explanatory; however some data fields justify some comment.

The Charleswood Ski Club (CSC) publishes a membership list to members which contains member name, membership status, year of first membership, skier ability rating and optional contact information. As the Charleswood Ski Club has no control over how members may use or misuse member contact information you are asked to indicate your preference for inclusion of **mailing address, phone number and e-mail address**. The Charleswood Ski Club assumes no liability for misuse of information in the membership list. Your desire to have contact information included in the published membership list is indicated with a lower case "x" in the appropriate SHOW box.

The same registration process is used at initial registration; when you decide to register for events at a later date; and when final payments are being made for multi-payments events. The "Member Status:" field is used to indicate if membership fee is included. The options are New / Renew / Member. For New and Renew include \$13.00 for each adult (19yr or older) person being registered. In addition to the club membership you must pay for a CCC/CCSAM membership which is \$18.00 for an individual with a family cap of \$32 for family members at the same address. Add the membership costs and place this amount in the box at the end of the "Cost" row.

The Club Membership (p1) TOTAL includes membership cost only.

Please make sure that the current date appears at the top of all pages.

The letters (A, B, C, D) which appear above most of the check boxes refer to the individual who will be attending the individual event. Please ensure that at least the first name of each person being registered is copied to the boxes at the top of page 2 and 3 of the form from page 1.

For each desired event place an "x" in the check box for each person who will be attending the event. For each event count the number of people registering and place the calculated cost in the box at the right hand side of each section.

Sum the registration cost on each page and place the amount in the box at the bottom of each page. Copy this amount to the cost summary on page 1. Total the costs and write a cheque.

Always return a printed copy of page 1, any other registration pages you have used and if membership is included a signed liability waiver along with your cheque payable to "Charleswood Ski Club" to the club registrar.
